Linkedin: <https://github.com/amal-alkhalaf>

Github: <http://www.linkedin.com/in/amal-al-khalaf-272b04239>

Portfolio: <https://amal-alkhalaf.github.io/Portfolio/>

Highly motivated and results-driven Frontend Developer with 3 years of hands-on experience in engineering high-performance Single Page Applications (SPAs) using the React Ecosystem, specifically leveraging Next.js for its advanced rendering capabilities. Proficient in utilizing modern React patterns (Hooks, Context API) and advanced State Management solutions like Redux Toolkit. Solid foundation in core web technologies: JavaScript (ES6+), HTML5, CSS3, with a strong focus on Responsive Design and ensuring cross-browser compatibility. Dedicated to writing clean, well-tested code and integrating seamlessly with RESTful APIs to deliver an excellent User Experience (UX).
